Festo Lietuva was established in 1992, in Kaunas city.

We are proud to be specializing in various activity areas. **Festo Sales**, where we represent FESTO production in Lithuania. **Document Processing Centre**, where we offer purchase order handling within SAP for 25 countries. **Competence Centre Services**, where we provide various services to FESTO Group in Germany and other FESTO countries across the world. **Festo SSC Accounting Kaunas**, where we provide various financial documents handling.

Web and Messaging Platform Administrator

As **Web and Messaging Platform Administrator**, you will be responsible for the administration of the Web and Messaging platform supporting our different customers at Festo. This includes internal sites like the intranet but also the external festo.com site and the Fax to SAP order automation platform.

As **Web and Messaging Platform Administrator**, you need a good understanding in messaging technology and server administration skills. Beneficial is a general understanding of Web/E-Mail protocols or voice over IP protocols. You must have good English and communication skills. Additionally an understanding of other cultures like Asian or Americas to support world-wide telecommunications migrations projects is required.

We offer

- Attractive remuneration package
- Socially responsible international working experience
- Introduction to Festo culture and professional trainings
- Development and career opportunities within the company
- Rich and valuable experience in your career
- Work in a team of Experts

Responsibilities

- Middleware and web administration and support (Windows/Linux Webserver, Communication platform TIS/OCR/Kofax/Exobyte)
- Monitoring and Performance Tuning
- Incident-/Problem Management
- Provide support on other projects

Skills required

- University degree in Information Technology
- Basic understanding of Windows / Linux Server, Databases (MS SQL or MySQL) and Monitoring
- Advantage: Scripting languages (JavaScript, PowerShell or Python) would be helpful
- Good process understanding
- Detail oriented, analytical and problem solving skills
- Good English language skills
